Pentland Field School

At Pentland Field School we promote independent learning through trying new things, developing new skills, sharing life experiences, having fun and making friends.

"There are so many fantastic opportunities on offer for my child. I'd be lost without all the family services on offer."

The Eden Academy Family Services Team

Family Services supports families and promotes the well-being of our pupils by:

- Encouraging social activities after-school and in holiday clubs
- Providing a network for families to make friends, share experiences and support each other
- Supporting families through advice & liaison with community groups
- Offering families tailor-made courses to help parents with particular challenges in parenting a child with a disability
- Involving parents and families in their child's learning at school

Our jointly-run service is an integrated element of the Eden Academy's approach to education and development.

Activities and fun for all the family

We have something for everyone with some sessions open to the whole family, as well as others specifically designed for our students, so that they can enjoy time making friends and developing new skills.
